

AMEND THE ABSTRACT:

line 1: Delete 10th word: “for”.

line 6: Delete 6th word: “to”. (both were added erroneously at PTO.)

AMEND THE SPECIFICATION:

p. 21, l. 0: Delete entire line. (repeats last line of p. 20).

p. 22, l. 38: Correct: “weight” to: --weight--

p. 24, l. 15: Correct 5th word: “Right” to: --Left-- and: “77” to --78--.

P. 36, l. 28: Correct: “incresed” to: --increased--.

p. 2, l. 39:transferring essentially all

p. 3, l. 33:stride is not automatically variable though some may be adjustable.

p. 3, l. 36:with essentially full weight

p. 3, l. 38: Change: “completely” to: largely

p. 5, l. 20:lift-off or unweighting action,.....

p. 38, l. 29 (end)+: Also, it can be appreciated that a user need not completely lift the rear foot from the pedal for return, but could allow the returning pedal to carry the foot forward as on a “cycle” pedal machine, while still “stepping down” most of his weight on the front pedal. End of stride is not dependent on complete lift-off of the rear foot from the rear pedal.
